Local Notings

Reserve the date, April 25th, for the Red Cross Dance 94

Is your subscription to the Standard paid up?

Mr. J. H. M. Martin has been gartered a Justice of the Peace. Mr. Martin held the same position prior to going overseas three years ago.

Birns this week include: daughter to Mr. and Mrs. Chris. Hagen Friday; daughter to Mr. and Mrs. Lonsberry Monday; and son to Mr. and Mrs. Glover Monday.

Mr. R. S. Stockton, C.P.R. Superintendent, has gone to Montana on a two week's visit. An interesting article by Mr. Stockton appears in another column.

A musical-comedy "The Cingalee," will be produced at the Grand, Calgary, April 10, 11, and 12, under the direction of Mr. D. C. McNair, who was formerly a member of the C.P.R. local Headquarters staff.

The meeting to have been held on Friday evening, when Mr. A. C. Mackay was to give an address on the proposed hospital district, did not come off, owing to the inability of the speaker to get into Strathmore that evening on account of the heavy rainfall and the bad state of the roads.

Strathmore G.W.V.A. are holding a concert in the Opera House on Easter Monday evening, April 21st, at which the principal attraction will be the Castle Square Entertainers. Wallace Graham attraction of which very good reports have been received. Particulars in advt.

Several copies of Mr. Ben. President's apparatus for destroying gophers have been manufactured by Mr. J. V. Calgary. The patent has been applied for, and the idea seems a good one. It has previously been employed in the States, but this is the first time it has been evolved on a commercial scale in Canada.

This afternoon and evening a Sunday School Institute is being held in the Methodist Church. There is an interesting program in the hands of Rev. J. P. West, secretary of the S.S. Federation for Alberta; Rev. W. E. Galloway, B.A., Secretary of the Boys' Work in the Y.M.C.A. Calgary; and Rev. A. Rennie, Pastor of Bankview Presbyterian Church, and formerly pastor of Strathmore Presbyterian Church.

In connection with the amateur entertainment given here on Monday, a rather amusing incident happened. Rehearsals of the sketch were being given last week in the dining room of the local hostelry, and one travelling man, who went to bed rather early, said that he had difficulty in going to sleep in his bedroom, as every time he turned over "the villain came in."

A case of considerable interest was tried before the local justice on Saturday, when C. L. Hansen, Keena, was brought up on the complaint of W. E. Anglin, Strathmore, on a charge of converting certain articles to his own use. In view of extensive circumstances, and accused having made good the costs, etc., a fine of \$5 was imposed. Constable Vaik presided.

Town Council Meets

The regular meeting of Strathmore Town Council was held in the Town Hall on Tuesday evening. The Council members all present with the exception of Dr. Girvin, who is still on holiday. CHINESE RESTAURANTS. The Council at their last meeting had discussed the advisability of passing a bylaw regulating the hours at which the Chinese Restaurants in town should be open, but the town solicitor gave his opinion that the town had not the power to set any certain hours, as restaurants were exempt from the provisions of the Towns Act.

CLUBROOMS FOR VETERANS. A letter was read from the Calgary Brewing and Malting Co., proprietors of the King Edward Hotel, with reference to the Council's request that an empty suite of rooms in the hotel, regretting that they were unable to accede to the Council's request. The reasons given were that the main entrance, and that the traffic back and forward to them would interfere with the comfort of the hotel guests, and cause considerable expense to the hotel equipment.

The Council, after considerable discussion, considered that the Hotel Company took an unreasonable view, and greatly exaggerated the discomfort and damage likely to be caused, which in their opinion, would be nil. It was agreed to write the Company again on the matter.

Mr. A. C. McKay, organizer for the Provincial Government Hospital Department, then addressed the Council. A report of his remarks will appear next issue.

Spring Opens Well

Farmers are finding the present season to open very propitiously. Last fall there was very little rain, and the ground was dry, but the heavy snowfall last month sent a lot of moisture into the ground, and last Friday and Saturday 43 of an inch of rain fell, which represents a heavy precipitation for this time of year.

Several farmers have commenced seeding, and it will be general by the end of the week. The demand for implements of all kinds is very good.

Labor is being obtained, outside of the local supply, largely from the Calgary exchanges, and there has not been much complaint as to scarcity, though high wages are being asked.

Strathmore Auction Mart Co. announce the date of their next sale to be Saturday, May 11. The sale will be confined solely to Stock and Farm Implements. Miscellaneous entries will only be accepted in future for certain sales, of which announcement will be made. The secretary, Mr. J. H. Martin, will be glad to receive your Entries Early 16 4 u

ANNOUNCEMENT

Mr. A. W. Miller has sold his business - The Rexall Drug Store - to W. M. Marshall, who is now in charge. Mr. Marshall is a graduate of the Ontario College of Pharmacy, Toronto, and the Alberta College of Pharmacy, Edmonton, having several years experience in the drug business in Toronto, and eight years in Alberta. Your patronage is respectfully solicited. 9 4 u

More Veterans Arrive

During the past week some more units of Strathmore's contribution to the forces of the Empire have arrived back home.

L.-Cpl. Leonard Crossley arrived here on Wednesday, and stayed for a few days with Mr. and Mrs. R. Brown, south of town, leaving during the weekend for his parents' residence at Clivedale, Alberta.

Cpl. Crossley is the proud possessor of the Military Medal.

Pte. Herb Harner, of the Canadian Engineers, arrived in town last week, and is at present staying at the King Edward. Herb is one of Strathmore's real old timers, having been here before the hotel was built in 1907.

Sgt. J. McMillen, of the Railway Troops, arrived here on Friday. He is going back to his former employment with the C.P.R.D., having taken charge of a camp near Keena.

Harold Nick, formerly teller in the Union Bank here, arrived in Calgary Friday night. He had the misfortune of losing his wife several months ago in the flu epidemic, which makes his home-coming rather a sad one.

Bandman W. R. Galbraith, 49th Bn., formerly proprietor of the Maple Leaf Hotel, and well known to his many friends as "Slim" is back in the province now, having arrived in Calgary on Friday.

Spr. Simpson, Engineers, was routed to Strathmore this week, but as his mother is now living in Calgary he stopped off there.

Pte. T. J. Miller, Cheshire is expected home shortly.

Pte. Ernie Wilson returned to Namaka on Sunday. An account of his experiences will be found in our Namaka Notes.

Leslie T. H. Irvine, formerly R.N.W.M.P., Constable here, arrived in Calgary last week. Constable Stanley, another local Mountie, went through to Vancouver last week for discharge, and is expected back here within a week's time.

There may be several veterans returned or on the road whom we have not mentioned, and we would be glad of any information of the expected arrivals for publication.

Bridge Across the River This Year

In the discussion over bridge Thursday night in the Provincial legislature, Hon. A. J. McLean, minister of public works, gave out George Hoadley Okotoks, leader of the opposition, and Fred Davis, (opposition), Gleichen, that a new bridge would be built this year across the Bow River, south of Cardston. Both Mr. Davis and Mr. Hoadley have been pressing for this bridge ever since the session began, as at the present time there is no bridge across the Bow between Calgary and Gleichen.

There is a big mixed farming, ranching and wheat growing district on each side of the river, and farmers will be saved thousands of dollars in the shortening of the haul to the railway. The bridge will be constructed of wood, and will cost about \$80,000. It will affect direct connection between the constituencies of Okotoks and Gleichen.

SEEDING TIME

NOTICE TO SCHOOL DISTRICTS DESIRING TO HOLD SCHOOL FAIRS

COMMENCING IN THE SPRING OF 1919

The Department of Agriculture at Edmonton purposes giving assistance in the organization, management and financing of School Fairs through the School of Agriculture at Claresholm. This notice has reference to the territory in Southern Alberta extending from the main line of the CPR south to the boundary.

Briefly, the plan is that a committee of interested citizens shall be organized at the centre at which it is proposed to hold a Fair, which committee will share with the Departments of Agriculture and Education the work and expense of the Fair. A group of from eight to twenty-five schools convenient to the centre will be selected. Garden seeds will be distributed through the committee to the pupils of these schools. The pupils will plant the seeds at home, care for the gardens during the summer, and in the fall, exhibit samples of the products at a Fair. Girls will receive recipes and instructions in connection with the sewing and cooking that they will exhibit at the Fair.

For further particulars apply immediately to

W. J. STEPHEN, PRINCIPAL

STRATHMORE & BOW VALLEY STANDARD
John Mackenzie, Editor

Carseland Notes

The concert given by the Dixie Jubilee Singers on Tuesday evening last was an excellent and well attended, and the funds of the Carseland Ladies Aid benefited to the extent of \$18.00.

Mr. A. C. McKay, representing the hospital branch of the Department of Municipal Affairs, addressed a meeting of about thirty local people here on Monday evening, in the Union Church. Mr. McKay explained the working of the Hospitals Act, and the benefits of the proposed district. A resolution was passed, for a special meeting to be held for Saturday of this week at 2 p.m. to further discuss the matter.

Sending has commenced, and will be general before the end of this week. The fee is starting to move on the street, and it cannot be crossed until the fee has gone sufficiently to allow the fee to be removed.

A meeting to organize a baseball team for Carseland, will be held in the Pool Room on Thursday evening of this week. Carseland shows promise of being an aggregation of ball-throwers this season that will clean up every state in the Bow Valley.

Namaka Notes

A meeting of the U.F.A. and the U.F.W.A. was held at the home of Mr. and Mrs. E. F. Wheeler, but owing to the inclemency of the weather there was a small attendance. The next meeting of the U.F.W.A. will be held at the home of Mr. and Mrs. Spurgeon, on the 19th inst., where a paper on socialism will be given by Mrs. Leon Pinkerton.

Pte. A. Hagwood returned on Thursday from Slavers where he was visiting his sisters.

Mr. and Mrs. P. Merigan arrived back on Sunday after an extended trip to California and other parts of the States. They returned home by Vancouver.

Another of Namaka's veterans returned last Sunday is the person of Pte. E. Wilson. He left here as a Corporal in the 82nd Bn., in May, 1916. He reverted to the rank of Private in order to reach France sooner. Pte. Wilson was then transferred to the 1st Bn.

He saw much service with this Battalion, being attached to the machine gun section. He was severely wounded three times, at the battle of the Somme in 1916, at Lens in 1917, and then again at Cambrai on Oct. 11th, 1918. He will take up his former position with R. Biggar of this district.

Mr. A. Sims, left for his home in Minnesota, U.S. after a short vacation here.

The many friends of Mrs. J. Bell, will be sorry to hear that she has been called to the States by the sudden illness of her mother who resides at Clay City, Illinois. She took an active part in the work of the community, being President of the Red Cross Society and was formerly President of the U.F.W.A.

Mrs. E. F. Wheeler met with an accident on Friday last, getting one of her fingers amputated while operating a meat grinder.

Mr. H. Shoultier, R. H. Lawrie, R. Biggar and Mrs. J. Bell and daughter, motored to Calgary on Friday last.

Mr. E. D. McLean of Calgary, spent the week end with his parents, Mr. and Mrs. McLean of Hammer Hill.

Hervey

Owing to the stormy weather the U.F.A. meeting which was to be held on the 4th at Hervey school was postponed and it will be held next Friday, April 19th, at 8 p.m. in the Hervey school. There will be a lot of business to discuss and we wish all farmers in the district to attend. Any that are not members, we want to join us, as we are anticipating doing big things this summer both on business and social lines. We are getting to the fact "In union there is strength".

Mr. Robins our worthy school teacher, is making an effort to start a Sunday School, it is quite a necessity, as we are so far from the village churches. Don't be backward in coming forward to support a worthy cause.

Mr. and Mrs. Hagen are being congratulated on the birth of a daughter on April 9th.

Crowfoot

Mrs. Wm Schuman arrived on Friday from Maple Lake, after a for an indefinite visit with her son, Mr. Fred Schuman.

Mr. A. S. Barnett spent several days last week in Calgary.

Miss Bernice Schafer, of Tudor, is visiting with Mrs. S. Garrood.

There was some wheat seeded in this district last week, the first being done, by Mr. Harvey, who started on April and

Mrs. Rose and Mrs. Verrier spent Sunday with Mr. and Mrs. T. Schuman.

Mrs. Reine West has been on the sick list for a few days.

Mr. Sim Garriott spent a day in Calgary last week, having driven through in his car.

Mr. Lausen was a weekend visitor to Calgary.

A good crowd was out Sunday to hear Dr. Kerby, Principal of Mount Royal College, speak. Dr. Kerby and Mr. Hipkin had dinner with Mr. and Mrs. Ed Scheer before leaving for Nightingale, where Dr. Kerby was to speak in the afternoon.

Don't forget the services next Sunday at Crowfoot School, Sunday School at 10.30, preaching service at 11 o'clock. Rev. G. A. Hipkin in charge.

School Fair To Be Organized Here

Representative of the Depart-
ment of Agriculture to
Explain the Scheme

As a result of the announcement in
our columns by Clarence Agricultural
School, a committee is being
formed to conduct a school fair com-
petition among the various schools in
this district, and a meeting of all inter-
ested will be held in the Town Hall on
Monday afternoon at 4 p.m. A gen-
eral invitation is extended, especially to
country school trustees, parents and
teachers.

A representative of the Department
of Agriculture will probably be present
to explain the scheme.

The Tennis Club are holding a
big Masquerade Dance in the
Opera House on Friday evening
of this week, and a big turnout
is looked for. Prizes are offered
for the best-dressed and most
comical couples.

Interesting Meeting of Board of Trade

Housing Question Brought
Forward, Public Recep-
tion to Vets Proposed

(Continued)
Strathmore Board of Trade met in the
Town Hall on Thursday night of
last week and discussed several ques-
tions of importance.
The attendance was small, but the
enthusiasm made up for the lack of
numbers.

The question of an Agricultural fair
was brought up, and met with the
hearty approval of the meeting, and
the committee had already
had the matter in hand was
asked to push the matter and send in
a report as soon as possible.

Electric lighting came in for consid-
erable discussion, but owing to the fact
that this question takes time, no re-
port could be made but it has by no
means been lost sight of.

A recommendation for a public re-
ception to the returned veterans of a
public nature as soon as all of the boys
have come back, was suggested, and it
was hoped that the authorities would
take this matter up.

The greatest interest centered
around the question of the housing
problem and during the discussion it
was clearly demonstrated that if pub-
lic housing means should be taken to
encourage the building of residences
at present the need is acute. A re-
solution was passed appointing a de-
legation to meet the council to suggest
to them that the residential lots that
have come into their hands through
severance of taxes to add for a nominal
figure, and that in case they are built
on this year, the taxes be remitted for
the period of five years. This dele-
gation will meet the council at its next
meeting.

Several other questions were briefly
considered and the atmosphere of the
meeting was distinctly optimistic.

Britain Would Secure A Permanent Peace

London. — A full dress debate on the question of the proceedings at the peace conference, in regard to the payment of indemnities, took place recently. A number of members expressed apprehension that Germany might succeed in her efforts to avoid payment in full. It was pointed out that Germany might be bankrupt now, but that the development of her resources would enable her to pay. Furthermore, it was pointed out that the delegates at Paris to say what Germany could pay. Their affair was to present the bill; it was Germany's business to find ways and means of meeting her obligations.

Andrew Bonar Law, replying, did not think that there was any foundation for the statement that Lenin's government had offered certain terms of peace. Neither did he see any principle which knew anything about it. In regard to indemnities, Mr. Bonar Law stated that the government had intended to get from Germany what ever amount could be got from her in this connection. He was not influenced by President Wilson. Looking at the whole problem of the war, Britain's aim was to secure peace now and hereafter.

Unless, as a result of the war, the closest possible understanding evened out, not only with France, with whom we had been all the time on good terms, but also with the United States, with whom there had been a deal of misunderstanding, a great deal would have been lost. The government recognized the greater sufferings of some of our allies and desired to be fair to them in connection with reparation the government must be just to the empire as regards the disposal of money. The government had taken no decision as regards the amount of the claims. It was only fair to assume that our representatives in Paris were as keen as the rest of the world to get the largest possible amount and that on the question of indemnities the government stood on this argument was equally applicable to the allies.

He hoped that whatever was done, would be done by all the associated powers, but Franco-British interests were more direct than United States.

Will Not Operate Coal Mines

Paris. — The plan to solve the question of the Saar Basin by giving France the right to operate the coal mines under a form of a supplementary mortgage with the possibility that the territory would be administered through a mandate from the league of nations, was criticized by some French newspapers. The Ecceles points out that this solution would result in complicated agreements similar to that concerning Morocco. It says it was understood that this plan had been definitely abandoned.

Rein Not Proposing Peace

London. — Alluding to the reports that Lenin's Bolshevik government had made proposals of peace through American channels, Andrew Bonar Law, the government spokesman, said in the house of commons that he believed there was no shadow of foundation for such reports. Neither he nor the premier, with whom he had communicated, had heard a word about the matter.

Gen. Byng Not Leaving Army

London. — Although Lord Byng has declined the Salisbury command, it is understood he is not quitting the army entirely, as has been stated.

Britain Will Exact Utmost Farthing

London. — In the house of commons, the government was subject to a great deal of criticism concerning the amount of indemnity which Germany is to be asked to pay.

Cat Lawler, Unionist, declared that the delegates to the peace conference in Paris, needed to be reminded that a majority of the members of the house of commons solemnly had pledged themselves to exact the utmost farthing which Germany is to be asked to pay.

Mr. Bonar Law said that the government was not trusting to the United States and hoping that the action had thus been

May Take Over G. T. P.

Stated as Probable Outcome of the Present Situation

Ottawa. — Strongly urged by the government of the Grand Trunk Pacific will probably be the outcome of the present railway situation, as a statement made by Sir Thomas White, when the bill confirming the appointment of a receiver for the Grand Trunk Pacific was being considered in committee.

Sir Thomas said he could not make this statement definitely, and suggested as possible alternatives that the government might resort to suit or foreclosure.

There was some criticism of the action of the government by Major Thomas A. Vign, Louthier, who requested an order in council appointing a receiver had been passed before the government had declared its railway policy.

R. J. Richardson, Springfield, declared that there appeared to be a conspiracy on the part of certain newspapers to help the Grand Trunk and requested the suggestion that the government should be treated with generosity. There was nothing left but public ownership, he said.

Sir Thomas White, in the course of further remarks, explained that, as the railway was a government owned, not only with France, with whom we had been all the time on good terms, but also with the United States, with whom there had been a deal of misunderstanding, a great deal would have been lost. The government recognized the greater sufferings of some of our allies and desired to be fair to them in connection with reparation the government must be just to the empire as regards the disposal of money. The government had taken no decision as regards the amount of the claims. It was only fair to assume that our representatives in Paris were as keen as the rest of the world to get the largest possible amount and that on the question of indemnities the government stood on this argument was equally applicable to the allies.

Hungarian Nobles

Search for Work

Baron Hatwag Now a Clerk in Privé Business

Berlin. — Reports from Budapest declare that the people are flooded in increasing numbers from that territory. One hundred and forty prominent political figures have been arrested, including Joseph Staretsky, former minister of commerce, and Count George Károlyi, both of whom are in danger of being sentenced to death.

Baron Hatwag, a millionaire owner of a newspaper, is now a clerk in a private business, and other members of the nobility whose property has been confiscated, are searching for work.

May Have Summer Fair

Montreal. — The citizens and business men of the city are interested enough to get behind the project. It is probable that a summer fair will be held this year, the probable dates being August 5 to 8. Strong committees have been organized by the Moose Jaw agricultural society to make a census of the city and district to ascertain the prospects.

Golf Links on Vimy Ridge

Windsor, Man. — The Canadians have laid out a nine-hole golf course on Vimy Ridge, the centre of which by the soldiers of the Dominion was one of the achievements of the war.

Mr. Wilson. — An investigation was begun before an imperial military court into the case of Captain Chas. Fryatt, the British merchant seaman commander who was executed by the Germans in 1916, after he had been charged with the crime of having attempted to run a submarine with his vessel, the Great Eastern Railway steamer Brunette. A large number of witnesses appeared for prosecution.

Probe Into Fryatt's Death

U.S. Will Not Buy British Tonnage. — The United States government has withdrawn its proposed to purchase the British owned tonnage of the International Mercantile Marine.

The Case of Captain Fryatt

German Investigation of Execution of British Sea Captain Leads to Utmost Excuse

Berlin. — At a continuation of the investigation into the execution of the British merchant seaman, Captain Chas. Fryatt, by the Germans in 1916, Prof. Schenck, a member of the investigation commission, explaining the grounds on which the verdict of death was based, declared there was no obligation under international law to grant the request of the American embassy to appoint a defender for Captain Fryatt. The foreign office, Prof. Schenck said, made endeavors in this direction, but various circumstances rendered such action impossible.

He argued that there was in existence a principle of war usage making a private person availing a part of a belligerent force liable to the death penalty for war treason. The commission investigating the execution of Captain Chas. Fryatt by the Germans in 1916, has decided that the shooting of the captain did not violate international law. The commission, however, expressed regret at the rapacity with which the sentence was carried out, according to sailors received here from Berlin, where the investigation was held.

Invalids From Siberia

Vancover. — The C.P.R. steamer Empress of Japan is expected to arrive April 9 from the Orient, carrying a number of invalid soldiers and sailors from Siberia. According to information received here the Japan has 700 men and six officers on board.

Speaking at a late hour, Hon. Arthur Meighen stated that no step had been taken by the government which constituted unfair treatment. There had been, he said, a fair offer of aviation, with no limit fixed as to the number of the Canadian Northern.

Speaking at a late hour, Hon. Arthur Meighen stated that no step had been taken by the government which constituted unfair treatment. There had been, he said, a fair offer of aviation, with no limit fixed as to the number of the Canadian Northern.

Reports Not Correct

Did Not See Kaiser

Report of Interview by Begbie Has Been Denied

London. — The articles in the London Chronicle by Harold Begbie, describing his visit to Ambassador, questioning the correctness of the alleged state of mind, charging Russia with responsibility for the war and asserting his innocence of any guilt, have attracted wide attention. The London bureau of the Associated Press received the following telegram:

"Amrango. — Harold Begbie has not had an interview with the former emperor. His written questions remain unanswered. He did not receive any authorization to publish the emperor's views, nor to statement was given to him. He never saw the emperor, neither did he enter the castle gates."

Probe Into Fryatt's Death

U.S. Will Not Buy British Tonnage. — The United States government has withdrawn its proposed to purchase the British owned tonnage of the International Mercantile Marine.

The Yellow Peril

Captain Martin Smith Says Japanese Will Not Tolerate Discrimination

Ottawa. — "We have finished the fight over yonder, but this has not by any means settled the problem," asserted Captain Martin Smith, the British merchant seaman commander who was executed by the Germans in 1916, after he had been charged with the crime of having attempted to run a submarine with his vessel, the Great Eastern Railway steamer Brunette. A large number of witnesses appeared for prosecution.

Stuttgart in State of Siege

Street Traffic Forbidden After Nine O'clock at Night

Stuttgart, Germany. — The government has proclaimed a state of siege in the city of Stuttgart, and in accordance with an agreement reached by the associated nations, all shops, theatres and public places must close at eight in the evening until 9 o'clock in the morning and all street traffic is forbidden after 9 o'clock in the evening. A curfew strike which was called as a protest against the general walk out of the city of Stuttgart, has been suspended. No local papers are issued and postal and train services have been suspended.

Will Stop Food Supplies

Ally Germany Refuses to Accept Allied Peace Terms

Paris. — The question is being widely asked as to what will happen if Germany refuses to accept the allied peace terms. Up to the present there has been no general disposition to resume hostilities. Moreover, the German government, even if they refused to agree to the peace terms, would probably merely resist passively the allied forces. The means of action would then be two: First, the allies would resume the blockade and then if this failed to bring the Germans to their senses they would occupy the Ruhr basin which is just a step beyond the Rhine. This basin contains most of Germany's coal and many of her most important industries. It is believed that under this pressure Germany could no longer resist.

Trade Reopened With New Republic

Washington.—Resumption of trade and communication with Germany Austria was authorized in an order issued by the war trade board, acting in accordance with an agreement reached by the associated nations. The only restrictions upon imports from Germany-Austria will be on commodities of a military nature. The reopening of trade with Germany-Austria constitutes the first direct trade relations to be resumed by this country with any enemy state.

Farm Work Stalled

Many farmers in Germany are in a state of confusion. Farming is being delayed by the war. The allied armies have been reeling continuously by the various populations who are living in constant fear of a Bolshevik invasion.

Restoring Order in Egypt

London. — Gen. Allenby, who is now in charge of the situation in Egypt, where disorders have been recurring, reported that order had been restored in Cairo and Suez. It was announced in the house of commons by Cecil Harcourt, under-secretary for foreign affairs, that British military columns are in operation in upper and lower Egypt, the general's forces added, and the complete restoration of law and order was only a matter of time, the under-secretary declared.

Situation Looks Grave

Berlin. — The general strike declared in the Rheinland by the soviet is regarded as a possible beginning of a new campaign to overthrow the present government. Its full extent will not be certain before it actually gets under way.

Among the demands being made by the soviet are: Disarmament of the army, annulment of the constitution, freedom for all political prisoners, and immediate close relations with the Bolsheviks in Hungary and Russia.

Spending Millions for Houses

Adelaide. — Premier Heales, of South Australia, in the course of a statement on the government's partition activities, showed that the state had already spent \$2000 sterling in trying to make the government servants and \$600000 sterling had been advanced to provide homes for returned soldiers' widows. He estimated another million and a half would be required and expected two and a half millions would be advanced for land settlement.

Flax Culture in Africa

London. — Replying to a question in the house, Sir R. S. Horne, minister of labor, stated that the government was obtaining expert advice in regard to the possibilities of the success of a scheme for forming colonies of ex-members of the military and naval services to develop flax growing in British East Africa. The scheme would involve a considerable money grant by the state.

More Troops to Russia

London. — The situation in the Balkans region of northern Russia is giving the British military authorities considerable anxiety. An announcement was made that British reinforcements will follow immediately the United States troops now on the way to North Russia.

Imperator to Carry U.S. Troops

Washington.—The Emperor, largest of German ships, will be turned over to the United States on May 1, to carry the transport of troops, the navy department was advised.

Will Stop Food Supplies

Imperator to Carry U.S. Troops

Washington.—The Emperor, largest of German ships, will be turned over to the United States on May 1, to carry the transport of troops, the navy department was advised.

Ally Forces in Danger in Russia

No Settlers Along Hudson Bay

Ottawa. — "I don't think anybody goes there voluntarily with the exception of the colonists," remarked Sir E. H. L. Thompson, of the special committee, on the susceptibility and fisheries of the Hudson Bay. Sergeant Thompson was visiting particularly to the country along the line of the Hudson Bay railway.

He said there were gardens along the line in which potatoes and other vegetables were grown. However, there were no settlers. The growth of these gardens were, for the most part, employees of the railway. In the country north of The Pas, he said, there was great excitement over finds of copper, gold and nickel.

Rumanians Fear Invasion

Berlin. — The Rumanian army, in cooperation with the French forces, is attacking Hungary, 145 miles south of Budapest, have received orders to occupy the new line of demarcation as fixed by the Paris peace conference, according to an announcement made by the Rumanian press bureau.

The allied armies have been reeling continuously by the various populations who are living in constant fear of a Bolshevik invasion.

What are You Doing About Tree Planting

What Kind Shall be Planted And Where Shall They Be Planted?

It always seemed to me that trees around the homestead were necessary for the contentment of the family and the animals, and that they are only second in importance to buildings and fences. Trees can be planted to form a windbreak that reduces the effect of the winds on both the people and the animals at the farm, and enables a better variety to be raised with a greater safety to products.

Nearly everyone believes that trees add a value to the farm where they are planted and cared for, greatly exceeding the actual cost of raising the trees; just as everybody believes that it pays to have the farm premises clean and in order, and not strewn with cans and broken down machinery. More and more farmers are awakening to the satisfaction and pride there is to be found in a neat and attractive farmstead with a yard around the house, where grass is growing and trees are grouped and everything is kept up to good order. It is no new thing to wait for the new fire hose and big red barn before planting trees and putting the premises in order. We have seen the rough cottage or shanty so banded with trees and shrubbery that it had the cozy attractive appearance, that makes the home worth while, but it never so humble.

The kinds of trees that have proved themselves to be adapted to our conditions, include a sufficient variety and may be enumerated as follows:—For a quick growing up-standing tree, choose Russian Poplar, Laurel Laid Willow and Norway Spruce. For more valuable hardwood trees use Green Ash and Manitoba Maple; these trees are slow growing and the Manitoba Maple sometimes kills back but has been hardy so far as where planted in groves.

The native Evergreens, Spruce and Pine do when once started and Scotch Pine, White Spruce and Tamarack from the Nurseries are also good but all these are rather slow growing. For hedge or thick wind-breaks the Caragana is superior, as it is a hardy plant and does not winterkill. The Golden Willow makes a very striking addition to the tree belt and should be planted although it will sometimes kill back, but if cut off and regrowing, moisture, will grow six or six feet high again the first year, making a very dense wind-break.

The sharp leaf Willow is stated by A. Mitchell to be the hardiest of the Willows, but has not been planted by us. There are a number of native shrubs that if judiciously planted have considerable value and will work into a scheme of decorative planting to great advantage, among such shrubs are the willow, wild gooseberry, Saskatoon berry, Buffalo berry, native wild cherry, currants and raspberries, and last, but not least, the wild prairie rose. All these plants can be found along the river and in various places, and do well under cultivation.

The success of a tree planting program depends to a considerable extent on working out a well arranged plan so that the trees will later be in the right places and serve the purpose intended. For a general wind-break a strip containing at least eight or ten rows of trees should be put on the north and east. Usually it will take a year or so to complete the planting but space should be left for the purpose, and a complete plan worked out. My idea is to have the trees eight or ten feet apart each way, and the trees staggered in the rows. This seems rather wide apart at first but we have always made the mistake of planting too closely.

It might be a good plan to plant our trees in groups, as the Russian Poplar and willow or cottonwood. The wind-break should be planted far enough from houses, roads, etc., so that they will not cause a snow drift just where it is not wanted. After the general wind-break is laid out, then it is well to bank other trees and shrubs in groups filling up odd corners, and remembering that trees backed behind a house or building generally look better than in front, and that the bunches of trees look better than to have them all planted in straight lines. The pigs and chickens especially enjoy the protection of trees inside their enclosure, and will do much better if this is provided for them. The home pasture should also have a

TO SUBSCRIBERS

Possibly you found a notice posted in a recent issue stating that your subscription to the Standard, or has expired. We want you to renew promptly, and we are going to give you a special price for the next twelve months that will be worth more than the amount you pay for every year.

Owing to the absence of the printer, renewal notices have not been sent out for a considerable time. It may be also, that you have made payment, but it has not been credited owing to disorganization of the office and let us point out that you will give credit for the six months during which the Standard did not appear regularly.

We are running a seven-column, eight-page paper now, and consequently our expenses are greater. Help us out by renewing promptly.

Red Cross Notes

The Provincial Headquarters at Calgary is constantly receiving applications from all parts of the province for assistance, in some cases the families have lost their bread winner through illness, in other cases the parents have died during this recent influenza epidemic, leaving small children to support.

The Strathmore branch has been asked to assist in this work, and is asking for donations of clothing, in good repair, such as overcoats, dresses, shirts, skirt waists, suits, underwear and stockings. The office will be open each Saturday afternoon to receive this clothing and also for the distribution of sewing. There are still thousands of wounded soldiers in our hospitals who need all the garments that still remain to be made up.

Remember the Red Cross Drive on April 23rd, as funds are badly needed.

Amateur Vaudeville
Successful Entertainment

Under the auspices of Strathmore Baseball Club a very successful vaudeville entertainment, both in point of numbers and talent, was given in the Opera House on Monday evening. The house was filled to capacity.

The first item on the program was an overture by the Orchestra, and was very much enjoyed. This is an entirely local orchestra, and is well known to the first-class people.

Next was a whistling solo by Mrs. M. Schulte, who showed great ability in this rather unique accomplishment for a lady. Then followed a duet by Miss Gladys Berry and Mr. Hugh Berry, and his was exceptionally well done, and a heavy encore was demanded and accepted, as, with the next item, by Mrs. E. G. Green, who first sang "Heavenly Music" and followed with "The Rose of No-Ma's Land" garbed in the uniform of a soldier.

Patrick made a splendid comic, and a heavy encore was demanded and accepted, as, with the next item, by Mrs. E. G. Green, who first sang "Heavenly Music" and followed with "The Rose of No-Ma's Land" garbed in the uniform of a soldier.
